Funds MUST be made available to students throughout the entire award year. There is NO GUARANTEE that every eligible student will be able to receive an FSEOG.

According to regulations published in the US. Department of Education Student Financial Aid Handbook, FSEOG must be available to disburse to needy students throughout the Award Year. The school is allowed to establish categories of students to be considered for FSEOGs as a means of administering its packaging policies. The school has defined its "first selection group" to be independent students with a zero EFC enrolled full time in an eligible program. The "second selection group" has been defined as dependent students with a zero EFC enrolled full time in an eligible program. The "third selection group" has been defined as Pell eligible with EFCs greater than zero who are enrolled full time in an eligible program. Funds must be disbursed to eligible students in the "first selection group" before funds may be disbursed to eligible students in the "second or third selection groups." If FSEOG funds are available, funds will be subsequently disbursed to these students based on the lowest EFCs. The dollar amount of funds to be awarded is left to the discretion of the school's Financial Aid Administrator. The school determines if the award is to be credited to your account or paid directly to you. There is no requirement to reserve funds for eligible students who have late applications.

FINANCIAL AID DISBURSEMENT INFORMATION

Financial aid is disbursed as a student completes their practical procedures, tests and attendance satisfactorily. Cosmetology students will normally receive disbursements at the beginning of their program and then again at 451, 900, and 1251 completed hours.

A student's financial aid funds are received at the school by an electronic transfer. It is then posted to the student's ledger and the student will be notified. If students are taking out loans over the cost of their school and for cost of attendance, they will be eligible to receive disbursements according to their satisfactory completion of practical procedures, tests and attendance. Students will receive these disbursements in the form of a check made payable to the student.

TERMS AND CONDITIONS OF STUDENT LOANS

If the school is permanently closed, an effort will also be made to encourage an Approved school in closest proximity to provide the remaining instructional hours to the student at cost not to exceed the balance of their existing contract obligations.

After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled days in the current payment period in your program through the last day of attendance.

Cancellation of this agreement can occur up to: _____
Date

2. Cancellation may occur when the student provides a written notice of cancellation. This can be done by mail or by hand delivery.
3. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with proper postage.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.
5. If the Enrollment Agreement is cancelled within seven days after starting class the school will refund the student 100% any money he/she paid for institutional charges, less a registration or administration fee not to exceed \$250, and less any deduction for equipment not returned in new condition, within 45 days after the notice of cancellation is received.

WITHDRAWAL FROM THE PROGRAM

The refund will be less a registration and withdrawal fee not to exceed \$250.00, and less any deduction for equipment not returned in new condition, within 45 days of withdrawal.

For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the student's withdrawal or as of the date of the student's withdrawal, whichever is later.
- The student on an approved leave of absence notifies the school that he or she will not be returning. The date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date the student notifies the institution that the student will not be returning.

The amount owed equals the hourly charge for the program (total institutional charge, minus non-refundable fees, divided by the number of hours in the program), multiplied by the number of hours scheduled to attend, or actual hours if greater, prior to withdrawal. Extra costs that are not included in the tuition cost are books, equipment and materials, student tuition recovery fund fee, and registration fee.

A student returning from more than a 30 day withdrawal will be charge a re-entry fee of \$175.00 and the tuition rates current at the time of the re-entry will apply to the balance of training hours needed for the student.

If the program is cancelled subsequent to student's enrollment, but before student started class attendance, the school shall provide student with a full refund of all monies paid by Student or provide alternative means for the Student's completion of the program.

If the school cancels a program or permanently closes and ceases to offer instruction after the student has enrolled and instruction has begun, the school shall provide a completion of the course and/or program; or provide a pro-rata refund for all students transferring to another school based on the hours accepted by the receiving school.

Once the school has determined that a student has withdrawn, an institutional refund will be completed. If the student is receiving Financial Aid (Title IV Funds) a Title IV Return of Funds (R2T4) calculation will be completed first. Any unearned funds will be returned to the Department of Education.

The order in which Title IV funds will be as follows: Federal Direct Plus Loan, Federal Direct Unsubsidized Stafford Loan, Federal Direct Subsidized Stafford Loan, Federal Pell Grant Program, Federal SEOG Program, Other Federal and State Programs, Institutional or Agency Programs.

- The federal or state government or a loan guarantee agency may take action against the student, including garnishing an income tax refund; and
- The student may not be eligible for any other government financial assistance at another institution until the loan is repaid

Once a student has graduated and has gone into repayment the Direct Stafford Loan has the ability to defer payments should a student need for the following reason: continuing their education (at least half-time at a postsecondary school), studying an approved graduate fellowship program or an approved rehabilitation training program for the disabled, inability to find full time employment (up to 3 years), economic hardship (includes the Peace Corp)maximum 3 years, engages in service listed under discharge/cancellation conditions and Active Military Duty while borrow is on active duty during a war or other military operation or national emergency and if the borrower was serving on or after Oct 1, 2007, for an additional 180 day period following the demobilization date for the qualifying service.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress(SAP) Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology	450, 900, 1250, 1600 (actual) hours
Cosmetician/Skin Care	150, 300, 450, 600 (actual) hours
Manicuring	200, 400 (actual) hours

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first. SAP evaluation periods are based on actual contracted hours at the institution.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. Students not meeting the requirements for satisfactory progress will be provided a written notice of their standing at the time of evaluation. A copy of students' evaluations are made available in the administrative office. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Cosmetology (Full time, 32 hrs/wk) - 1600 Hours	75 Weeks	2400
Cosmetician/Skin Care (Full time, 30 hrs/wk) – 600 Hours	30 Weeks	900
Manicuring (Full time, 32 hrs/wk) – 400 Hours	20 Weeks	600

If, due to attendance or academic problems, a student must attend additional Program hours beyond the 150% Maximum Program Length in order to complete the Program, the students Enrollment Agreement will terminate.

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 67% of the scheduled contracted hours.

Students will only receive VA benefits, based on their eligibility, for the published length (100%) of the program.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade accumulative average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

90 - 100	EXCELLENT
80 - 89	VERY GOOD
75 - 79	SATISFACTORY
74 and BELOW	UNSATISFACTORY

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students deemed not meeting the minimum requirements may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic

plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. Course incompletes and noncredit remedial courses have no effect on satisfactory progress standards.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

STUDENTS RECEIVING TITLE IV FUNDS

Students who are receiving Title IV funds and who have not achieved satisfactory progress at the end of the probationary period in either academic or attendance will not be eligible for **Title IV** aid until satisfactory progress has been achieved. Once federal monies have been terminated the balance of the tuition owed is the responsibility of the students.

ATTENDANCE POLICY

Absences will be considered as excused under the following circumstances: illness, death or birth in the immediate family, and other valid reasons. All excused absences are to be substantiated in writing and are at the discretion of the school Administration. All other absences will be considered unexcused. If you have a special event to attend, it will be excused with a two-week notice.

MAKE-UP WORK OR CLASS MISSED

To make-up work or classes that you missed, check the Class Schedule for the next date class will be given and request permission from the Director or Supervising Instructor to attend. Full time students are required to complete a minimum of 21 hours per week. Part Time Students are required to complete a minimum of 15 1/2 hours per week to be considered meeting Satisfactory Attendance Progress.

TARDY TO CLASS

Any student late for Theory Class will not be permitted to enter the classroom. Students may not attend school if they have not arrived on time. Exceptions may be made for extenuating, unforeseen circumstances.

LEAVE OF ABSENCE

Designs School of Cosmetology recognizes that over the course of enrollment it may be necessary to take a short break from training for a variety of reasons. Students should confer with their administrative office to determine if they are eligible for a leave and what impact taking a leave will have on their program. The student's administrative office will assist the student in requesting a leave of absence and determining what supporting documentation, if any, is required to approve the leave.

NOTIFICATION

Any student needing to take a leave of absence must provide in advance, in writing, his or her administrative office notice if the need for the leave is foreseeable. Written notice must include the reason for the student's request and include student's signature. If the written notice for Leave of Absence is approved, an enrollment addendum form must be signed and dated by all parties. Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties. If notice is not provided and the reason for the leave was foreseeable, the leave could be delayed up to 30 days.

Where unforeseen events occur that require a personal or extenuating circumstance leave, students must give notice as soon as practical, but no longer than 7 days after the event leading to the need for leave occurs. To request a leave, the student must contact his or her administrative office who will explain impact on the enrollment agreement and prepare the form for the student to sign via on-site or mail. Student will need to provide an estimated return date to expect at the end of the leave of absence.

A student may request leave of absence when a break from school is greater than 21 calendar days. The maximum time for leaves cannot exceed 180 calendar days in any 12 month period.

STUDENT LEAVE OF ABSENCE

- Scheduled hours will not be accumulated
- Institution may not assess the student any additional institutional charges as result of the Leave of Absence
- The leave will not affect the student's satisfactory progress status
- The student's maximum timeframe for course completion and enrollment agreement end date will be extended by the number of calendar days of the leave
- Refund calculation will not be performed at that time because student is not considered withdrawn.
- The student will be informed as to when he or she is scheduled to resume training
- The student will return to school with the same academic and attendance status held prior to the leave
- Failure to return from a leave of absence on the scheduled date will result in immediate termination from school. Students withdraw date would be their last day of attendance.

STUDENT'S RESPONSIBILITY UPON RETURN FROM LEAVE

The student will return to school from a leave of absence on the return date specified on the Leave of Absence Request form. A student who wishes to extend or shorten the scheduled leave of absence must contact the administrative office at least two business days prior to the originally scheduled return date or desired new return date.

CHANGE OF CLASS STATUS

If a student finds they are unable to attend their scheduled hours (full or part time) they must request a change of status/schedule from the Director prior to attending more or less hours and/or a different schedule. The new schedule must be approved by the administrative staff.

COURSE WITHDRAWAL

A student has the right to withdraw from a course of instruction at any time. If a student withdraws from the course of instruction after the period allowed for cancellation of the agreement, the school will remit a refund within 30 Days following the student's withdrawal. The student withdraws prior to completing the program he or she is enrolled in, a refund will be calculated for the unused portion of the tuition. The cost of the supplies issued and equipment is no longer refundable due to sanitary reasons and/or poor condition. A student not in attendance shall be considered withdrawn as of the 14th school day of non-attendance. Student transcripts are kept indefinitely.

WITHDRAWAL AND RE-ENTRY POLICY

Students in good standing, who must withdraw due to extenuating circumstances, and who may wish to return, must notify the Director prior to being absent ten (10) school days. The student will be advised to determine if a Leave of Absence would be more appropriate. If a withdrawal is agreed upon by student and Director then it will be granted and the student may return to school within six months of the students last day of attendance, providing all fees and charges, per refund policy, have been paid for the current

enrollment. The total tuition charges appearing on the original enrollment agreement (contract) will be honored, and any credits due student will be applied to new enrollment agreement for re-entry. No credits for hours or operations will be lost. If student does not return within six months of his/her last day of attendance this policy will not apply. Unless prior arrangements are made, the school will be responsible for storing their equipment for 30 days. .

If a student returns after six months from last day of attendance the policy for "Students Transferring FROM another Cosmetology School" will apply.

Students who withdraw or are terminated and seek to re-enter into the school shall similarly have the same satisfactory progress status as he or she had at withdrawal or termination. If the student was not meeting satisfactory progress, he shall initially be placed on probation for one month at re-enrollment.

ENGLISH AS A SECOND LANGUAGE

NON – DISCRIMINATION POLICY

Design's School of Cosmetology does not discriminate on the basis of sex, age, race, color, religion, or ethnic origin in its educational programs, which it operates, and is prohibited, from such discrimination by law. This practice of non-discrimination also extends to employment by the school and the administration of students to programs and activities operated by the school. Federal sexual harassment guidelines have been adopted as part of the school policies.

DISCLOSURE OF EDUCATIONAL RECORDS

Students and parents or guardians of dependent minors have the right to inspect, review and challenge information contained in their education records. Educational records are defined as files, materials, and documents which contain information directly related to a student that is maintained by the institution. Written consent is required each time a review is requested before education records may be disclosed to third parties with the exception of accrediting commissions or governmental agencies so authorized by law. Any inquiries or complaints regarding the above should be directed to the owner of the school, or authorized representative. It is asked that a twenty-four hour notice be given to management by anyone wishing to inspect educational records. All inspection of records must be Cosmetology, Cosmetician/Skin Care, and Manicuring related subjects with emphasis on salon techniques done under supervision of school management. We do not publish a student directory. A record of student's hours and progress will be kept indefinitely. Student files will be retained for five (5) years.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

If you are the parent of a student under 18 years old or tax dependent, or if you are a student 18 years or older, you should know that the privacy of your child's (or your) school records is protected by a federal – the Family Educational Rights and Privacy Act of 1974 (FERPA). The FERPA gives certain rights to parents regarding

their children's educational records. These rights transfer to the student or former student who has reached the age of 18 or is no longer tax dependent attending any school beyond the high school level. Students and former students to whom the rights have transferred are called eligible students. The school must have written permission from the parent or eligible student before releasing any information from a student's record for each third party request. However, the law allows schools to disclose records, without consent, to the following parties: school employees who have need-to-know; certain government officials in order to carry out lawful functions; appropriate parties in connection with financial aid to a student; organizations doing certain studies for the school; accrediting organizations, individuals who have obtained court orders or subpoenas; persons who need to know in cases of health and safety emergencies; state and local authorities to whom disclosure is required by state laws adopted before November 19, 1974. The school may also disclose, without consent, "directory" type information such as a student's name, address, telephone number, date and place of birth, and dates of attendance to those who have a legitimate need to know. You may, however, request in writing that the school not disclose any or all of this information before publishing.

NACCAS JOB DEMAND SURVEY

Since 1990, NACCAS has commissioned several Job Demand Surveys, to provide quantitative data on cosmetology careers, earnings potential and job openings. The most recent survey, completed in May 2007, compiles data from 6,203 salons responding to a national survey.

The 2007 Job Demand Survey results indicate that salons in California plan to hire 45,967 new employees in the next twelve months. The average annual salary for a salon professional in California is \$44,134. This amount does not include tips and gratuities. Nationally, the average salon professional's salary is \$35,973.

Most importantly, 69% of California salon owners who attempt to hire new employees in 2006 said they were unable to find properly trained applicants. This means jobs would be immediately available for salon professionals.

As of January 2007, there were 325,021 professionals employed at California's 48,131 salons. 40% of saloons in the state are employer-owned, and 29% are booth-rental salons. The other 31% are a combination of the two.

49% of California salons are classified by their owners as full-service salons; 20% are listed as haircutting salons. Barbershops make up 13% of the total. Naturally, 58% of the salons are listed as full-service, meaning that California has a higher percentage of specialized establishments.

Of the students that graduated in 2016; 61.83% of them were placed in the field.

Retention rate for first time, full time students is 89%.

Percentage of first time, full time students who transfer is 6%.

2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.

5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

ADDITIONAL COST CONSIDERATIONS

Below is an estimate of how much money will be required for reasonable expenses while attending school. Most people, when budgeting for school, look at the tuition and assume that tuition is more or less the cost to attend our school, when the reality is that tuition may be as little as 50% of the overall budget. Here are some sample additional expenditures of attending school.

In the case of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employees, or clients occurring on either campus where it is deemed necessary to close

by the School Director and Director of Education, the following evacuation procedure would be implemented:

- The process used to confirm that there is a significant emergency, determine who to notify, determine the content of the notification and initiate the notification system is as follows:
 - Situation will be assessed by the School Director, or in their absence, the Director of Education at either location or responsible Administrative personnel who will then advise Director. Should this be determined as a significant emergency, a call will be made to 911, the local police and/or fire department. Determination will be made relative to characteristics of emergency as to whether students, staff, and clients will be evacuated or directed to protected areas of the building.
- The names and titles of the persons and organizations responsible for carrying out this process are:
Jason Skinner - Administrator

Documentation of this exercise including date and time performed and whether announced or unannounced will be completed immediately following testing.

The school has adopted the following Campus Crime and Sexual Harassment Policy. This policy applies to all students, employees and campus visitors.

Campus Crime Policy Responsibilities/Procedures

All employees and students are required to file a written incident report for all crimes and unsafe incidents occurring on campus, to the Director of Education within 24 hours of the incident. Incident report forms are available in the drawer at the front desk or in the administrative office. All students and employees will be notified via memo if Management considers any incident to be a threat to campus safety. The annual crime disclosure report will be prepared from reports, along with annual reports from the local police. The Director of Education bears the responsibility of campus notification when warranted. The president bears the responsibility for the annual Crime and Security Report.

Although no school employees are authorized to make an arrest, all Administration personnel are trained in the accurate and prompt reporting of any crime to the Paso Robles Police Department or Pleasanton Police Department.

The campus Crime Policy is distributed to all students and employees not later than October 1st each year. The school drug and alcohol policy is also distributed to all students and employees no later than October 1st.
